Curasight to present at HC Andersen Capital, BioStock Life Science Summit 2024, and Økonomisk Ugebrev Investor Conference

Copenhagen, Denmark, 14 November 2024 - Curasight A/S ("Curasight" or the "Company" - TICKER: CURAS) hereby announces that CEO Ulrich Krasilnikoff and CMO professor Andreas Kjær will present the company's latest progress and strategy at HC Andersen Capital, BioStock Life Science Summit 2024 and Økonomisk Ugebrev Life Science Investor Conference

The presentations will include an update on the business progress made by the company during the first three quarters of 2024 and look ahead at the expected coming news flow. Management will give an overall update on the company's pipeline based on the proprietary uPAR theranostics platform and focused on diagnosing and treating brain cancer, besides the newly reported phase II data with uTRACE® in brain cancer and the preclinical data using uTREAT® and its impact for the clinical development strategy for the coming year.

The HC Andersen Capital presentation will be webcasted live 13:00 - 13:30 (CET), Friday 15 November 2024 focusing on a Deep Dive in brain cancer.

An archive of the presentation can be found on the HC Andersen Capital website as well as Curasight's website, after the presentation is completed.

Curasight is a clinical development company based in Copenhagen, Denmark. The Company is a pioneer in the field of exploiting a novel Positron Emissions Tomography (PET) imaging (uTRACE®) and Radioligand Therapy (uTREAT®) Theranostic Platform targeting the urokinase-type plasminogen activator receptor ("uPAR"). The technology is expected to improve diagnosis and provide more gentle and efficient treatment of multiple cancer types.
