Background
Co-founder, CMO & CSO Andreas Kjær and CEO & CFO Ulrich Krasilnikoff have completed an internal restructuring of their ownership interests in Curasight by consolidating their holdings into a jointly controlled holding structure.

The restructuring is of a technical nature and does not change the underlying economic ownership of the relevant Curasight shares at the individual shareholder level. As part of the restructuring, the ownership interests in Curacap II ApS were exchanged for ownership interests in Curacap Holding ApS, followed by the merger of Curacap II ApS into Curacap Holding ApS, with Curacap Holding ApS as the surviving company.

Following completion of the restructuring, the ownership of Curacap Holding ApS is as follows:
